Subject: Re: PLC mtg

1. My personal goal this year is to stress less about work at BSE (kids/parents/workload), so it does not consume all of my free time, mental energy, and health. I need to stop putting myself and my own family LAST.
2. I really love how our second grade team can laugh joke with each other. We share funny stuff and we also give personal words of encouragement when someone needs it.
3. A grade level concern I have that I would like to see improved is everyone being on the same page with policies and everyone sharing and working equally.

Ladies,

I am so excited to be your assigned admin this year. I will be involved in your PLCs as well as looking through your data. Our first meeting will be Aug. 28. I would like for you to reflect on the below questions and shoot me an email before we meet.

1. A personal goal that you would like to accomplish this year.
2. Something that you really like about your grade level/team that you would like to highlight/prag about.
3. A grade level concern that you have and would like to see improved this year.

I look forward to a great year and many celebrations!
Best,

Miranda Manley
